

God created everything in His world to reflect His beauty. EVERYTHING...including you! Our Creator gave us gifts we can use to express our love to him. God made us with special talents and abilities that help others see His beauty. One person has his or her gift. Another person has his or her own gift different from the other person. We want to worship God with all we have and all we are. As we bring our gifts together, worship starts as a blank canvas. Each gift is like a different shade of paint we bring to the picture...a picture that reflects how BIG and WONDERFUL God is. One by one we bring our part and see the picture form...A BIG PICTURE of worship...a MASTERPIECE of praise!
